SAMUEL GRIERSON, ESQ.,

DEAR SIR,—In your paper of the 8th instant, where you were pleased to draw attention to the business of the National Life Insurance Company of the United States of America, the figures got into wrong positions in stating the number of policies at 4,179, the correct numerals were there, but they should have been placed so as to read 4,791, that being the number of policies issued by the Company previous to May 1st. At this date (May 14) the number issued is 5,025, insuring $14,194,500.

Thanking you for your uniform courtesy, and for the candid manner in which you have written of the National. I remain, yours respectfully,

IN THE WORLD.

The maker of one, J. H. Dalmeyers, of London, received a gold and silver medal at the Paris Exposition. The other is a Parallactic Solar Camera, made by the celebrated optician, Herman Roetgers, of Germany. The best judges pronounce this the best instrument in the world. With the

The best of light and the best materials, I guarantee Pictures to surpass any thing in the State, and to

Either from old ambrotypes, Daguerreotypes, or from life. I am prepared to make any size picture as good, if not better than the original from fingering size up to full life size.

In making this announcement I would return my grateful thanks for the very liberal patronage bestowed upon me in the past, and pledge my best efforts in producing GOOD PICTURES in the future. The best judges are most pleased, and speak most flatteringly, but the pictures will speak well for themselves. Come all and see.

Those owing me for Pictures will confer a great favor by paying their bills at once, and save annoyance, if not cost.

CAROLINA TIMES.

E. P. WARING, Editor.

CHARLOTTE.

Tuesday, June 22, 1869.

DEATH OF HENRY J. RAYMOND.

The Telegraph announces the sudden death of Henry J. Raymond, editor of the New York *Times* says the Richmond *Dispatch*. He was one of the most distinguished of the editorial fraternity of his day. Remarkably fluent as a writer, his style was clear and cogent. His chief fault was diffuseness, but his language was easy and graceful, and never tedious to the reader. He was one of the most industrious and vigilant of journalists. The *Times*, founded by him, is a model in its way—such a paper as cannot be created and pushed forward to success without good taste, good judgment, ability and unflagging energy.

Mr. Raymond was one of the most courteous and fair of newspaper adversaries. He never did injustice to himself by veering from the dignity and proprietes of his profession. As a politician, he drew his lines very finely at times—so much so as to make them shadowy. There seemed a contest between his better nature and his sense of duty to party. Sometimes one triumphed, sometimes the other. It is so with most editors of partisan newspapers; and perhaps it is just to him to say that this struggle was the more marked in him because he was a was a little more fastidious or, what may be fairer, conscientuous, than others. In his efforts to round off some of the rough points of the ferocious radicalism of the war party, he frequently within the last few years fell under the sharp censure of the prominent men and press of that party. In most of the questions involving infractions of well known constitutional principles opposed to the concentration of power in one department of the Government, he laid down clearly his views in opposition to such centralization. But he too often found the power of party irresistable, and acquiesced in its objectionable measures. This caused him to be considered, especially amongst the more intolerant of his own party a trimmer.

Mr. Raymond was a prominent statesman as well as editor. He served several sessions in the New York Legislature, was once Lieutenant-Governor of the State, and once Speaker of the House of Assembly, and was also a representative from the city of New-York, in one or two Congresses. In all his public realtions he was distinguished as a man of ability and forecast.

Personally we never knew Mr. Raymond, but considering the manifestations of his disposition in his public course and acts, he must have been an estimable gentleman. He has given a rare example of perseverance and success, unaided by factitious assistance. He is a great loss to the New York press.

GUNPOWDER HAMMER.—A new invention known as the gunpowder hammer has been tested at Philadelphia. On Monday the first public exhibition of Thomas Shaw's gunpowder hammer, as applied to pile-driving, took place at Lynn's shipyard, Reed street wharf. Mr. Shaw acted as engineer, and a committee consisting of W. W. Wood, Esq., chief engineer of the United States navy; T. J. Lovegrove, Esq., inspector of boilers, and H. L. Hoit, Esq., of the Eagle Iron Works, kept the record. They report the following result: The cartridge used contained one-third of an ounce of gunpowder; the hammer weighed 675 pounds, and the cylinder of gun 1,500 pounds. This was loaded and fired fifty-five times in one minute and a quarter. The *Bulletin* says:

"The driving power is eight times as great as that of the steam-hammer, and the speed ten times. The rapidity of the movement allows the pile no rest, thereby overcoming the lateral pressure. The motive power is always ready, and there is no waste of power, as with steam. The pile requires no ringing, and the force being applied in the form of a squeeze, the pile is driven home without the slightest injury or indication of the means employed. The exhibition was a complete success, exceeding the expectations of the inventor and his friends."

CONSTITUTIONAL AMENDMENT.—The votes of the Legislature of *four* States only are necessary to ratify the fifteenth amendment. The States of Vermont, Rhode Island, Texas, Mississippi, Georgia, Virginia and Maryland are yet to vote on the subject.

AN ACT CONCERNING TOWNSHIPS.

[PASSED APRIL 6TH, 1869.]

SECTION 1. *The General Assembly of North Carolina do enact.* That the Districts reported by the Commissioners of the following Counties of the State to the present session of the General Assembly, are hereby approved, and said Districts in obedience to article seven, sections three and four of the Constitution, to wit: Craven, Granville, Halifax, New Hanover, Chatham, Cumberland, Davidson, Duplin, Edgecombe, Franklin, Guilford, Iredell, Johnston, Mecklenburg, Randolph; Northampton, Orange, Rockingham, Rowan, Warren, Wayne, Alamance, Alexander, Alleghany, Anson, Ashe, Beaufort, Bertie, Bladen, Buncombe, Brunswick, Burke, Cabarrus, Caldwell, Camden, Carteret, Catawba, Clay, Cleveland, Columbus, Currituck, Davie, Forsythe, Gaston, Greene, Harnett, Henderson, Haywood, Hertford, Hyde, Jones, Lenoir, Lincoln, Macon, Madison, Martin, McDowell, Mitchell, Montgomery, Moore, Nash, Onslow, Pasquotank, Perquimans, Person, Richmond, Rutherford, Sampson, Stanly, Stokes, Surry, Transylvania, Tyrell, Union, Watauga, Wilkes, Wilson, Yadkin, Yancey and Caswell, shall have corporate powers and shall be known as Townships by the boundaries and by the name respectively designated in said districts, may be altered or divided, or new Townships may be erected, by the County Commissioners in the manner specified in sub-division fifteen, section eight, of an act of the General Assembly, entitled "An act concerning the government of Counties," and ratified the fourteenth of August, Anno Domini, eighteen hundred and sixty eight

Sec. 12. The Board shall have power to appoint its own meetings, and to adjourn from time to time.

Sec. 13. STATE OF NORTH CAROLINA,
OFFICE SECRETARY OF STATE,
Raleigh, April 22d, 1869,

I, HENRY J. MENNINGER, Secretary of State, hereby certify that the foregoing is a true copy or the original act on file in this office.

HENRY J. MENNINGER,
Secretary of State.

It is asserted that the Cuban leaders were promised recognition as belligerents, and moral aid, if they would consent, in obtaining possession of the Island, to transfer it to this country. The offer was declined. Hence the hesitation of the United States Government to recognize the insurgents of Cuba as belligerents; hence, also, its tardy vindication of the neutrality laws.

Suppose the Cubans were to favor the annexation schemes of this Government? Cannot every one see the fresh complication which must then arise; the dissensions which would be created among the revolutionists themselves; the probable interference of European Powers, and consequently the downfall of the whole movement, and the restoration of the Island to Spain? Nothing is more certain than that such would be the result of a delaration on the part of the Cuban leaders in favor of annexation to the United States. This Government must bide its time. The fruit is not yet ripe.

Nine tenths of the buildings in the city of Philadelphia are insured on the Perpetual plan.

Before insuring elsewhere, business men and capitalists should call at the office of Caldwell & Brenizer and examine this plan.

Special Correspondence of the Baltimore Gazette.

Excitement in Washington—Forney Exhibiting Over the Boston Jubilee.

WASHINGTON, June 18, 1869.

As nearly one-half of the officials here are from Boston, or "thereabouts," you may well imagine that any other topic than the "Jubilee" has been tabooed at the Departments to day Yesterday it might have been very well suspected that those who remained at their posts of duty (many have "dreadaddled" by permission) were possessed with the notion that, by some new fangled clairvoyant process, at least a faint echo of the tremendous "trained harmony" at "the Coliseum" might be heard and enjoyed at this distance—so prevalent was a air of abstraction among them.

It will have been observed that writers capable of pitching a key note high enough (in description) to come up to some idea of this ponderous musical demonstration were not easily to be procured New England was hunted over, and at last Massachusetts was obliged to succumb to Pennsylvania. J. W. F. was telegraphed for, and he promptly complied in *propria personu*. You will see his vivid and uproarious daguerreotypical account of the "harmonious volume of trained melody" in both of his dailies. The gentleman, whom I seldom quote except in admiration of his logic, in this enterprise has shown himself to be equally *au fait* in conforming the sound of his phrases to the theme he has in hand, which I take to be evidence of true musical talent. What could equal euphony of language down to the word "melody" in the following paragraph, and what transcend, in high sounding phraseology, the fearful noise of consonants at the moment when the "instruments" commenced their horrible din:

"The sacred pieces were rendered with the precision of a single voice or instrument, and you must imagine for ourselves the sensations produced by this harmonious volume of trained melody, swelling from ten thousand voices, supported by two thousand instruments, with the deep bass of the organ filling up and sustaining the composition. The 'Star Spangled Banner" produced the wildest enthusiasm; and, when the cannon outside kept regular time with the chorus, being lighted by electric wires touched by the conductor on the platform, the whole audience rose and broke into loud and bewildering cheers"

Excellent harmony this "swelling from ten thousand voices, supported by ten thousand instruments, with the deep basso of the organ filling up and sustaining the composition," is very good; but when we are afterwards informed that "the cannon outside kept regular time with the chorus, being lighted by electric wires touched by the conductor on the platform," we almost realize the instantaneity of combustion. Such are the remarkable impressions produced by the vivid sonorous descriptions of a master second only in this path of literature to the "author of Waverley!"

But as much cannot be said of the attempt of Forney to give an idea of the harmonious effect of an entirely new adjunct to musical bands. He says:

"The 'Anvil Chorus,' given by this army of musicians, and by one hundred of the Boston firemen, who beat the anvils, in their red jackets, in admirable time, was a curious and an inspiring feature."

This is very light praise, and gives the professional musician abroad no notion whatever of the congruity of the beating of anvils, with the harmony of other recognized musical sounds. I think less of other parts of Mr. Forney's authorized version of this national "Jubilee." Especially, it is thought, he lowers himself in speaking of "gas pipes," however long, or for what purpose "laid," and I earnestly protest against his "lame and impotent conclusion" about "the acoustics of the building itself"—as exhibited in the annexed otherwise very eloquent and heart-rending extract:

"Beautifully decorated with the flags of the thirty seven States, mingled with a profusion of bunting, with graceful arches between the posts, painted in fresco, with figures of the angels of peace, and the faces of eminent composers, and many other beautiful devices, it presents a scene difficult to describe. Upwards of four miles of gas-pipe have been laid, to be ready for lighting, while water pipes are laid to sustain the fountains, drinking apparatus and wash rooms. Within this vast enclosure, forty thousand persons can be seated easily and comfortably. When you are told that not less than thirty thousand participated to-day, at least twelve thousand of whom were music ans and singers, and that every strain was heard and enjoyed, you have some conception of the acoustics of the building itself!"

The marriage of Miss Annie E Surratt, only daughter of the late Mrs. Mary Surratt, to Mr. Wm. P. Young, of the Surgeon Generals office, which took place on the 17th, was kept very quiet, and was known to but few persons at the time The parties desired that the marriage should be kept strictly private, but it appears were unable to keep it long out of the newspapers.

Forner calls the negro riot in Washington an "unparalleled Republican victory." Nobody has been found to dispute it.—*Boston Post.*

AN EXTRAORDINARY CASE—A MOUSE IN A CHILD'S STOMACH.—For a week past the daughter of Mr. Walshauer, aged about three years, and residing at the corner of Spain and Greatmen streets, complained of an itching ache in the stomach, which she attributed to her parents as being caused by ants. This irritation lasted from that time until half-past 7 o'clock Thursday night, when she was taken worse. The father of the child, supposing that worms was the cause of her illness, administered a worm powder. About midnight she was taken seriously ill, accompanied by a choking sensation, and it was feared she would die from the effects, when she suddenly vomited, throwing up, among other matter, a live mouse about an inch and a half long, not including the tail, which was near the same length. As soon as the young girl was relieved of the animal she immediately exclaimed to her anxious parents, "Oh, mother, look, this is the thing that has been troubling me so much." When we saw the child, Friday morning, show as as well as could be, and romping about the streets as happy as a "gay sunflower." The mouse, which was so mysteriously lodged in the child's stomach, was captured by Mr. Albert Weibacher, the druggist, corner of Spain and Greatmen streets, and preserved in alcohol, where the curious, as well as skeptical, can examine it at their leisure. How, when, and where the animal found its way down her throat, and how it maintained life, is a matter of conjecture.—*New York Times.*

EPISCOPAL BISHOPS AND THE PRAYER BOOK.—Bishop Bedell has published letters from six Bishops of the Protestant Episcopal Church on the subject of Ritualism and a change in the Prayer Book, suggested by McIlvane's recent letter in *The Standard of the Cross*. Bishop Henry W. Lee, of Iowa, says that "from the first the Ritualistic innovations have filled him with pain and apprehension, and he has done what he could for their discouragement and prevention. He believes that they have a most erroneous tendency, and that they have done unspeakable injury to our beloved Church, and that the real teaching of the Prayer Book, as well as its whole history, is against them." He thinks, however, that the present season of strife and controversy is a poor time for a calm and wise and deliberate revision of such a book as that of Common Prayer. Bishop Albert Lee, of Delaware, heartily concurs in Bishop McIlvaine's Low Church sentiments, and advocates as a question of expediency, an alteration in the Prayer Book, allowing the liberty of using alternate forms. He thinks the discussion on these subjects has been harsh, captious and unfair. Bishop Manton Eastburn, of Massachusetts, is still more cordial in expressing his sympathy with Bishop McIlvaine. He also thinks the time unpropitious for a change of the Prayer Book. Bishop Thomas H. Vail, of Kansas, thinks there need be no exp'anatory revisal of the Ritual or Liturgy. Bishop Thomas M. Clark, of Rhode Island, concurs heartily with Bishop McIlvaine, as do also Bishop Johns, of Virginia, and Bishop Wm. Bacon Stevens, of Pennsylvania, and Bishop Cummins.

IMMIGRANTS COMING SOUTH.—The agents of the different steam lines in New York, expect about 6,000 emigrants this week. The steamer *City of London* brought 1,100 to-day. Agents of the Southern Emigration Companies have several hundred engaged to settle on lands in the South. Ninety persons left last Saturday to form a colony in Central Virginia, and about the same number for North Carolina.

Levi Pope broke through the window into the house of John Woods, in Johnston county, and stole a lot of wearing apparel belonging to Mr. Wood and wife. Mr. Woods tracked him towards Raleigh and overtook him, wearing a stolen hat and carrying a large bundle of plunder. The thief came on to Raleigh, and on complaint of Mr. Woods was arrested by the police, examined before Mayor Harrison on Thursday last, and in default of $500 bail was committed to jail to await trial at the next term of Court. Part of the stolen goods were recovered. This Levi Pope is an old offender, the same who was sentenced to imprisonment for a term of years for robbery, and pardoned by Governor Holden for saving the life of the jailor, Mr. Temple, when he was attacked by the murderer Willis.

Raleigh Standard.

The Emperor of Russia has issued a decree ordering that all reduced Polish noblemen shall be conducted to the fertile plains of the Eastern provinces, for the purpose of founding colonies, on grounds gratuitously ceded to them for that purpose. Many families have already availed themselves of this decree.

Three tobacco manufacturers of Cincinnati Tuesday, assaulted Colonel A. Hoagland, Special Agent of the Revenue Department. He escaped by taking refuge in a store. One of the parties struck him, and said, "Damn you, I will kill you; you seized my manufactory." The tobacco manufacturies of all three assailants were seized several months ago.

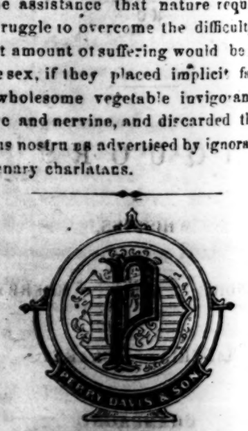
SPECIAL NOTICES.

Words of Weight for Wives and Mothers.

The superiority of HOSTETTER'S STOMACH BITTERS over all other tonics and correctives, as a remedy for dyspepsia, biliousness, nervous affections, and all complaints of the visceral organs, and as a preventive of malarious disorders, is proverbial; but perhaps it is not so generally known that the ingredients exercise a powerful and most beneficial influence in that numerous and distressing class of ailments, of which so many thousands of delicate women are the patient, uncomplaining victims. The special troubles of the sex, commencing with the dawn of womanhood, and extending over a period of from thirty to thirty-five years, are as readily and certainly relieved by the operation of this admirable vegetable preparation, as any of the complaints common to both sexes, for which it is recommended as a specific. The attention of mothers is invited to its balsamic effect in those peculiar cases of functional irregularity and irritation, which, when neglected or maltreated, destroy the health and shorten the lives of so many invalids. There is no need for the powerful and dangerous drugs too often resorted to in such cases. The mild tonic and restorative action of the BITTERS is all the assistance that nature requires in its struggle to overcome the difficulty, and a vast amount of suffering would be spared to the sex, if they placed implicit faith in this wholesome vegetable invigorant, corrective and nerrine, and discarded the pernicious nostrums advertised by ignorant and mercenary charlatans.



ASIATIC CHOLERA.

The Strongest Proof of Intrinsic Merit.

DEAR SIRS:—I ought to have acknowledged long ago the box of Pain Killer you had the goodness to send me last year. Its coming was most providential. I believe hundreds of lives were saved, under God, by it. The Cholera appeared here soon after we received it. We resorted at once to the PAIN KILLER, using as directed for Cholera. A list was kept of all to whom the Pain Killer was given, and our native assistants assured us that eight out of every ten to whom it was prescribed, recovered. It has, too, been very useful in various other diseases. It has proved an incalculable blessing to multitudes of poor people throughout all this region. Our native preachers are never willing to go out on their excursions without a supply of the PAIN KILLER. It gives them favor in the eyes of the people, and access to families and localities by whom otherwise they would be very indifferently received.

Believe me, dear sirs, gratefully and faithfully yours, J. M. JOHNSON.

Special Notice—B. M. Presson.

CITY JOTTING:—Though the cry of all now is, the times are dull and trade is stagnant, yet in nearly every portion of the city we hear the sound of the hammer, and new houses are going up, or old ones undergoing repairs.

General Hill has lumber in his yard now, preparatory to putting a very large addition to his house.

Mr. Jno. L. Morehead is now at work, finishing his really handsome and commodious mansions.

Other and larger enterprises are in embryo. But by far the most important in the city is the commodious merchantil house of E. M. Holt & Co,, now about half completed. This house is 35 by 110 feet, with a basement capable of more storage than any other warehouse in the city. Running parellel with it is a cotton platform 15 feet wide, and the whole length of the house. The immense store-room, occupying the entire surface of the first floor above ground, will be fitted up with every convenience to accommodate their immense trade. The upper story will be divided off into rooms for various purposes. The front is granite and glazed brick, put up by Taylor & Allison's best style, which is equivalent to saying that the work is done in a very superior manner. Col L. S. Williams, the business head of this mammoth concern, is just the man to build up a trade, worthy of the capital employed and of the enterprise of our growing city.

We ask attention to the professional card of J C. MILLS, Esq., who has lately settled in this city, and offers his services to the public. Mr. Mills is a young gentleman of fine acquirements, good talents, and will devote his time to the practice of the law.

"MONTES PARTURIUNT ET RIDCULUS MUS NASCITUR"—The Supreme Court has come to a decision. The Rule has been discharged, and the protesting Lawyers "excused, but not acquitted." Glorious Court! Noble Rodman! Bibacious Pearson! Juicy Settle! Flowery Dick! "Going home" Reade!

"Oh, Phœbus, what a name,
To fill the trumpet of future fame"

ROASTING EARS, CUCUMBERS &c.—Mr. J. E. Sample, one of our best farmers, told us yesterday that he had on Saturday green corn for dinner, and had had cucumbers for more than a week. He reports the wheat in Providence as good, the corn as very good; but the cotton as not only small but a very poor stand. Not more than one-half of a crop can be made in this, one of the very best cotton sections in this portion of the State.

See B. M. Presson & Co.'s special notice. These gentlemen did a great deal to relieve "the pressure" from those who had wants and no money. Now their generosity ought to be appreciated by paying them, as they are in want of funds to enable them to go through the dull season. Read their card, and go and pay them.

NOTICE.

ROCKBRIDGE ALUM SPRINGS, VA.
OPEN MAY 15th.

This favorite and celebrated summer resort is now in complete order for the reception of guests. Some important improvements have been added to the buildings since the establishment passed into the hands of the present proprietor, and it is his purpose to keep it in a style not surpassed anywhere in Virginia.

The remarkable medicinal and curative power of the water is well known to the medical profession and to the springs going public. Here is

ALTERATIVE, A DIFFUSIVE STIMULANT,
AND TONIC.

There is no known mineral water equal to it. In all catoxic conditions of the system, and broken down states of the constitution, loss of appetite, and general nervous prostration, its powers and virtues as a restorative may be safely pronounced to be without a known rival among the mineral waters of the world. They are ESPECIALLY INDICATED in the whole class of ailments peculiar to the female constitution.

The Proprietor will have provided for the Ball and Ball Room a first-class BAND of MUSIC, and in general, all the features of amusement and recreation, usually found at our best summer resorts, will be at the command of the guests at Rockbridge Alum.

The place is within 11 to 12 hours of Richmond, Washington, Baltimore, and Lynchburg, by rail, ALL IN DAYLIGHT. Passengers leave the cars of the Chesapeake and Ohio Railroad at Goshen Depot, and new and elegant stage coaches, passing rapidly over a smooth and level road at only eight miles, set down the visitors at the Springs to tea.

The Rockbridge Water, put up in glass, containing ALL its medicinal qualities can be had at the well-known Drug houses of

who will furnish on application, pamphlets containing the analysis of the water, and letters from eminent physicians, with a few certificates out of many of the wonderful cures made by these waters.

Organization of the Catawba Valley Land Company.

As the Incorporators, it is with pleasure we announce to the public the organization of the Catawba Valley Land Company. With a full Board of Directors, and a full corps of competent and reliable officers we predict a brilliant future and successful career for this useful and benevolent institution.

In appearing then before the people of this and other States as candidates for public patronage, it is but due to the opinion of those whose confidence and esteem we hope to merit, that some at least of the objects had in view by the Incorporators of this company should be made known. It is not, however, the purpose here to enter into details and to elaborate the many reasons which induced its friends to ask of the Legislature of North Carolina the present charter with its liberal and benevolent provisions; sufficient to say, that one great and prominent question kept constantly before their eyes, was, as to the best means to be adopted by which the large and profitless surplus of our landed interest could be disposed of in the shortest period of time and to the greatest advantage to our people and State.—This we may say was the main reason which led to the application, and the one most apparent to the inquisitive investigations of every curious inquiring mind. Impoverished as our people have been by the results of a terrible and disastrous war, with little else left them to call their own except their wasted lands, with comparatively no market for these by the ordinary mode of conveyancing, with limited capital to supply the wants of business, the great and growing scarcity of money, and the reluctance of immigration to seek among us pleasant homes and fertile farms, we have been induced to ask of a generous Legislature the present mode of disposing of real estate. We have, we are pleased to say, every encouragement for believing that our plan will be successful; alike remunerative to the friends of the enterprise, and beneficial to our charitable and educational institutions by contributing as required by the charter a portion of our revenues in aid of the Poor and School Funds of the State. The friends of this enterprise are well aware of the prejudice that has long existed in the minds of our people against lotteries, and in many instances not without good reason.—Appreciating therefore the difficulties with which they will necessarily for a time be called upon to contend, they have endeavored by the selection of gentlemen of known character and integrity as officers to fill the different departments to quiet the apprehensions of the scrupulous and incredulous. In this respect at least they can now flatter themselves that they have been exceedingly fortunate in procuring the services of such old and well known citizens as Messrs. W. F. Davidson and A. H. Martin to fill the important offices of President and Treasurer. This announcement will be at once an earnest to the public of an anxious and settled determination on the part of the company to carry out to the letter the provisions of their charter, and to discharge faithfully all trusts confided to their keeping and management. The granting of lottery powers in this State is by no means a novelty much less an innovation upon the history of our legislation. An act was obtained appointing four Commissioners in Wilmington in the year 1760 for the purpose of raising funds by the exercise of lottery powers, to be expended in furnishing two churches in the Parishes of St. James and St. Phillips, in the county of New Hanover. Another act was also obtained in or about the year 1836, for the purpose of supplying the necessary funds with which to erect a Masonic Hall at Hillsboro. These enterprises were managed by, and received the approval of the most prominent and influential men of their day and time in the State. A charter therefore to enable our people to dispose of the surplus of their lands with greater facility and certainty, and to convert their dead capital into active, available and profitable means, cannot be looked upon if properly managed, otherwise than as a powerful lever in developing the resources of the State, adding wealth to the depleted coffers of our poverty stricken people, and as a benevolent and charitable institution contributing to the intellectual culture of the rising generation, and aiding in ameliorating the suffering condition of a large and unfortunate class of our citizens, who have been reduced to a state of almost hopeless pauperism. The operations of this Company, carrying out the objects contemplated in the charter as may be hereafter seen in the arrangements of their schemes and plans of distribution, will be confined exclusively to the disposal of real estate by the sale of certificates, and no prizes other than simple prizes for realty, or optional prizes based on realty, will be incorporated in any scheme or awarded at any distribution. From the character of the men placed at the head of the affairs of this Company, the country has a guaranty that the purposes for which it has been incorporated will be strictly adhered to, and public confidence not misplaced or abused. Hoping therefore by a uniform system of integrity and fair dealing to commend this institution to the favorable consideration of the public we respectfully refer all persons desirous of making sales of their real estate through the agency of this company to the President's advertisement which will be found below.

Respectfully,
H. M. PRITCHARD,
JOHN PHELAN,
S. C. BARNETT,
E. A. McLEOD,
W. W. GRIER,
S. W. DAVIS,
Incorporators.

Catawba Valley Land Company

Desirous of arranging at the earliest possible day, a scheme for the first distribution, notice is now given to all persons wishing to dispose of their lands or other real estate, through the agency of this Company, to file at once with the President, bonds for titles. No lands or other property will be entered for sale unless the titles are clear and unincumbered, and in all cases when necessary, the acknowledgement of the wife must be had. Properties will not be taken at extravagant or fabulous valuations, and before entering the same on the books of the company for sale, a small entrance fee will be required of each person to be paid.

CHEERING SUCCESS.

LARGE DIVIDEND OF INSURANCE.

The Piedmont Life Insurance Company, of Virginia, has

DECLARED A DIVIDEND OF FORTY PER CENT.

on its Life Policies, which have paid two annual premiums, and the same is available on such policies at next renewal to absorb loans, or reduce cash payments.

The dividend could have safely been larger, but with the

PRUDENCE AND CAUTION

which has ever guided this company, it has deemed it proper to hold a surplus beyond the reserve fund.

The company is now only in the *eighteenth* month of its active operation—yet

HAS ISSUED 3,000 POLICIES

which is a success really remarkable, and far ahead of any company of like period in America or Europe; while its handsome dividend shows the economy of its administration, and the

S. B. SEXTON'S CELEBRATED
PATENT BALTIMORE PARLOR HEATERS AND GAS BURNERS,

for Anthracite or Bituminous coal, have been in successful operation for the last ten years, and have proved to be the best Fire-place Heaters manufactured and put in operation. They are getting to be generally used, often in the place of furnaces, for heating the lower and upper rooms in dwelings and offices. Two or three Stoves heating the largest dwellings, and besides, are quite ORNAMENTAL and ILLUMINATING, having all the beauty and cheerfulness of an open grate fire, but are more ECONOMICAL, CLEANER, and RADIATING A LARGER AMOUNT OF HEAT. We can refer to thousands of families who have them in use.

We manufacture our own COOKING STOVES, and we guarantee them to be equal to any sold for *baking* and *cooking*. We have Stoves to take in *long* wood and with *large ovens*, and are *superior Stoves* for *baking*. We are getting out some new patterns of Cooking Stoves, that will burn *Bituminous coal, hard coal, or wood*. They will have a beautiful finish, and will stand among the No. 1 Cook Stoves. Our Cooking Stoves are Baltimore made, and we guarantee the plates. Our Cooking Ranges are pronounced the best and cheapest in the market.—Baking of all kinds can be done in our Ranges as quickly and equally as well as in a Brick oven. We will manufacture S. B. SEXTON'S new patent Hot-Air Furnaces, warranted to burn from 30 to 70 hours with once filling.

Thankful to our friends and the public for their past favors, we solicit a continuance of their patronage.

Fresh every day. He is also prepared to do all manner of

W. N. PRATHER, & CO.

CAUTION!

We desire to warn the dealers in, and consumers of snuff generally, that since the war, certain tobacco manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks, so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made"

In making this publication we desire to warn the public against the impositions practiced upon them; as they are the losers thereby. It will be found upon comparison that Lorillard's Snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of the many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast), or Fresh Snuff (Extra Scotch) is desired.
